

# BODY MEASUREMENTS & SIZE CHARTS

## HOW TO MEASURE YOUR BODY FOR SIZE

**NECK** Measure around your neck at the point where a shirt collar band encircles the neck.

**CHEST** Place tape measure up under arms and measure the fullest part of the chest, keeping tape parallel to the floor.

**WAIST** Tape measure should be straight around waist where pant waistband normally sits.

**SLEEVE** With elbow bent, measure from the center of the back at the base of the neck, across the shoulder to the elbow and then down to the wrist.

**HIP** Standing with heels together and with tape parallel to the floor, measure the fullest part.

### CBUK

A sleek silhouette featuring a modern, fitted, athletic-inspired shape, often enhanced with performance stretch. The body and sleeves are cut trimmer; half sleeve styles hit higher on the arms.

Compared to traditional corporate apparel sizing, the CBUK fit is sized smaller. It's cut slimmer through the body and shortened in the sleeve for both ladies and men. If you're familiar with and like the Cutter & Buck classic fit, you may prefer to go up a size in CBUK. CBUK is designed for a trim, contemporary fit.
